

CIGAR BOX GUITAR TABLATURE

PRESENTED BY [C. B. GITTY](#) AND [THE SOUTHBOUND STRING COMPANY](#)

Carolina in my Mind by James Taylor

Arranged for 3-string fretted cigar box guitar tuned to Open G GDG.

This should be a pretty close representation of how James Taylor performs this song, though it might not be exact. We've simplified the chord progressions a bit to make it easier to play, while still trying to keep the feel of the original. We present two forms of some of the chords because depending on what the melody note is at a particular point, one form might sound stronger than another. Experiment and see what sounds good to you!
